Susan MacDonald

Susan MacDonald is the designer and creator of her fashion forward line of jackets and hats. She hand constructs her wearable art using fabulous vintage fabrics, design savvy colour blocking, and sumptuous materials.

Sheree Rasmussen

Sheree Rasmussen's current textile work is machine appliqued fabric collage. She approaches her textile work very much like an abstract painting-layering the colours and shapes in an improvisational way to create a visual choreography that evolves and progresses spontaneously.

Judith Tinkl

Judith Tinkl is a respected OCAD instructor and textile artist. In her work she explores innovative connections between traditional textiles and contemporary visual perspectives, exciting the eye with fantastic colour and pattern.
